Course Scheduling & Summer Programs

Above all, trust in the slow work of God.

We are quite naturally impatient in everything
    to reach the end without delay.
We should like to skip the intermediate stages.
We are impatient of being on the way
to something unknown, something new.
And yet it is the law of all progress
    that it is made by passing through
    some stages of instability -
    and that it may take a very long time.

And so I think it is with you;
    your ideas mature gradually - let them grow,
    let them shape themselves,
    without undue haste.
Don't try to force them on,
    as though you could be today what time
    (that is to say, grace and circumstances
    acting on your own good will)
    will make of you tomorrow.

Only God could say what this new spirit
    gradually forming within you will be.
Give Our Lord the benefit of believing
    that his hand is leading you,
and accept the anxiety of feeling yourself
    in suspense and incomplete.
